

Digital Ecosystem Proposal

For: Client

Prepared by: Vince Quarles / Braidge

Date: December 31, 2025

Purpose

[This section needs specific client context. Based on the brief provided, I don't have enough information about what Client needs built. Replace this with 1-2 sentences stating what changes when this project goes live.]

Scope & Deliverables

What You Get:

- [] [Specific deliverable 1 - needs client context]
- [] [Specific deliverable 2 - needs client context]
- [] [Specific deliverable 3 - needs client context]
- [] Full documentation for maintenance and updates
- [] Post-launch support (2 weeks)

What Changes:

[State the concrete outcome - what works differently after this is live? What manual process becomes automated? What impression does this create?]

Timeline

Week 1: Discovery and architecture planning

Week 2: [Phase-specific milestone]

Week 3: [Phase-specific milestone]

Week 4: Testing, refinement, and handoff

Launch Date: [4 weeks from start]

Investment

Total: \$[Amount based on scope]

Payment Structure:

- 50% (\$[Half]) - Due at project start
- 50% (\$[Half]) - Due at completion

Next Steps

1. Review this proposal and confirm scope matches your vision
2. Schedule a 30-minute call to discuss any adjustments
3. Sign agreement and submit initial payment
4. We start Week 1

Let's schedule a conversation to talk through your vision.
