

# Proposal: Test Project

---

For: Client  
From: Vince Quarles, Braidge  
Date: December 31, 2025

---

## Purpose

This is a test proposal to demonstrate the Direct style format. It shows the structure and tone for smaller projects where clarity and speed matter more than narrative.

---

## Scope & Deliverables

You'll receive:

- Deliverable Item 1 - Description of what this includes and what it does for the client
- Deliverable Item 2 - Description of what this includes and what it does for the client
- Deliverable Item 3 - Description of what this includes and what it does for the client
- Final Handoff - All files, credentials, and documentation needed to own and maintain the system

---

## Timeline

Week 1: Initial setup and foundational work  
Week 2: Core development and integration  
Week 3: Testing, refinement, and handoff

Launch Date: January 21, 2026

---

## Investment

Total: \$3,000

- 50% (\$1,500) to start
- 50% (\$1,500) at launch

---

## **What Changes When This Goes Live**

- You'll have a working system that operates without daily management
- Your clients/members will experience a more professional, streamlined interaction
- You'll spend less time on manual tasks and more time on growth

---

## **Next Steps**

1. Reply to confirm this matches your vision
2. Invoice sent upon confirmation
3. Work begins within 2 business days of deposit

Let's schedule a 15-minute call to walk through any questions.
